

# Progress Report 1:

Name: Maanvi Singh

Subsystem: Coding

Date of Submission: 24/12/2020

Reporting progress from: 19/12/2020 – 24/12/2020

## Progress:

- **C++**

1. Completed the given c++ playlist (new boston and codecademy tutorial) covering:

Sorting, 2D arrays, Pointers, Functions, Recursion

2. Completed worksheet 1, worksheet 2, worksheet 3.

- **GitHub**

1. Made a repository for RM Taskphse and uploaded the codes for the c++ worksheets.

- **GitBash**

1. Installed Git on my system.
2. Learnt the basic commands such as cd, dir, add, innit etc.

- **Arduino**

1. Downloaded the Arduino IDE
2. Read about Arduino.

## Issues Faced:

It took me some time to understand the concept of passing 2D arrays as pointers in functions and implement it in the code.
